

# National School Improvement Tool training

Principals, associate leaders and other school staff are invited to attend *National School Improvement Tool* training.

The training is a fantastic way for school leaders and other staff to learn about the tool and how it can be used to drive improvement in their school.

The training is conducted across Queensland by experienced educators from the School Improvement Unit (SIU). The SIU uses the *National School Improvement Tool* to conduct school reviews.

Training dates and locations are organised in partnership with QELi.

## National School Improvement Tool

The *National School Improvement Tool* was developed by ACER (Australian Council for Educational Research) in consultation with all states and territories, including Queensland.

The tool consists of nine interrelated domains, which, when taken together, help to evaluate how a school is performing and where it can improve.

## Benefits for participants

Participants will develop a deep understanding of:

- the nine domains of the *National School Improvement Tool*
- how the tool can be used to drive school improvement
- the SIU's school review process.

## Training for principals

Principal training is held over two days and is available to all school principals. State school principals who complete the training can nominate to become a peer reviewer and take part in a school review.

## Feedback from participants

- “A comprehensive explanation of the tool”
- “An informative and engaging presentation”
- “Lots of practical ideas to use at a school level”
- “Valuable contextual examples to support the review process”
- “Very knowledgeable presenters”

## Training for associate leaders

Associate leader training is held over one day. The training is open to all deputy principals, heads of curriculum, heads of department, heads of special education services, literacy and numeracy support teachers, master teachers, coaches and lead teachers. Teachers, business managers and other school staff may attend at the principal's discretion.

## How to register

Training dates and registration details are available from the School Reviews [website](#).

## Online training

A helpful introductory and refresher course about the tool and school reviews is available to all Department of Education staff from the Learning Place [website](#).
